

# Armor For The Broken, Maybe The Bitter End Ain't

So what are the last words you will say  
and will it have any meaning  
can I tear you to pieces now  
can I strip you of the truth  
so what are the last words you will say  
did they mean anything at all  
so I scratch at the open wounds  
I practically tear my skin off  
but only to be more open to you  
I see your not hiding anymore  
from what consumes you

Inspiring Stories Of Hope And Love  
what they hid us  
from where's her pulse  
where's her pulse  
all we need is a miracle

so I scratch at the open wounds  
I practically tear my skin off  
but only to be more open to you  
I see your not hiding anymore  
from what consumes you

these arms pull her closer  
maybe the bitter end  
ain't so bitter

so I scratch at the open wounds  
I practically tear my skin off  
but only to be more open to you  
I see your not hiding anymore  
from what consumes you
