

Armsbendback, Red Ceiling

I feel better when I'm awake
Now let's look at this situation
and let's see what it is that is making me so sick
of all that you are saying shut up
Shut up cause no one cares you do this to yourself
just like I always say you'll fuck yourself some day
How can this be
I can't change you mind
I guess I'll have to let you decide
Shut up
