

Army Of Lovers, Candyman Messiah

Standing at the end of the rainbow
Expected a pot of gold
What's the use in money that's borrowed
Facing a blues I was never told
Cashing out I'll hit rock bottom
I've stretched the rubber beyond control

Chorus:
Candyman messiah (4*)

A lullaby on clouds of cotton
Like an aircraft a power station
I've got a payoff on my investment
Gonna rule the United Nations
Cashing in on the last component
Got my string in good vibration

Chorus (4*)

Passion devotion
People in motion

Chorus (8*)
