

Army Of Lovers, We Stand United

We stand united
Our fans are invited
We stand united
I feel so excited

Behind every wheel
Heroes of steel
We know where to and how

Together we stand
We make our demands
Ain't no stopping us now

And in the business hours
Lost in material dreams
Building a golden tower
Reigning a love supreme

We stand united
Our fans are invited
We stand united
I feel so excited

We started a boom
Now you consume
We shop therefore we are

Gold bars are a must
In money we trust
Multinational stars

And in the business hours
Lost in material dreams
Building a golden tower
Reigning a love supreme

We stand united
Our fans are invited
We stand united
I feel so excited

Demandant demandant
De la argent de la argent

And in the business hours
Lost in material dreams
Building a golden tower
Reigning a love supreme

We stand united
Our fans are invited
We stand united
I feel so excited
