

Arno, Help Me Mary

Young, slim and strong
My dreams were big and tall
I would lie and die for you
Go now please don't cry
Show the world, you're not mine
Excuse me I'm not good company
I'm not a part of your family

I'm sad and mad
At the same time
Statues they don't cry

Help me Mary
Take me where you stay at night
Don't you worry
Nothing's wrong with me X2

You're not in my dreams
Don't you find me
My mind is dark and dirty
You need some one
Stronger than me
Your dreams are bigger than me
I'm drinking my life away
Excuse me I'm not good company

Gonna keep my head
Out of the clouds
The rest in my pants
Excuse me I'm not good company

Help me Mary
Take me where you stay at night
Don't you worry
Nothing's wrong with me X4
