Arrested Development, Children Play With Earth

Okay,

The way kids are living is 100% European African boys and girls: Set down your Nintendo joysticks right now! Unplug the television and make way for an old vision Which will now be a new vision Yes Headliner, lay the foundation

Dig your hands in the Dirt, that's right Children play with earth That's right x10

Gain knowledge of the big but small earth around you Dig your hands into the dirt, the dirt that made you Get acquainted with the earth, the earth that eventually will take you And the world that hopefully will appear to wake you Children, Play in the fields Play in the grass Climb mr, tree Get to know each branch Give it a name For the branches resemble the many decisions you will have to make in life Eat of the earth children Grow an apple tree Taste the apple Communicate Watch and listen to the neglected mother of all Short tall children play with earth

Eat rhubarb wet from the rain Beautiful fruits all the same Pears, oranges, and grapes from the vine Children it is the earth's time.
