Arrogant Worms, The

Russell's Shorts

Rippy The Gator

Hi kids! welcome to the uncle bobo show! are you ready to sing? come on, let's go!

Billy and his family

Went on a holiday

They went down to florida

To laugh and dance and play

Bill went in for a swim

He didn't see the harm

But when he came back out again

He was short an arm!

'cause rippy the gator went chomp, chomp, chomp!

Rippy the gator went chomp, chomp, chomp!

Passing the time by ending children's lives

Down in the bottom of the swamp, swamp, swamp..

Billy and his father

Went out to play some catch

But billy missed the pass

Because his arm was unattached

The ball flew past his shoulder

And it rolled into the swamp

When he went wading after it

His leg became a stump!

'cause rippy the gator went chomp, chomp, chomp!

Rippy the gator went chomp, chomp, chomp!

Passing the time by ending children's lives

Down in the bottom of the swamp, swamp, swamp..

Billy and his father

Joined a three-legged race

They were tearing up the field

No one could keep the pace

But billy tripped and did a flip

And landed in the muck

He was running out of limbs

And also out of luck!

'cause rippy the gator went chomp, chomp, chomp!

Rippy the gator went chomp, chomp, chomp!

Passing the time by ending children's lives

Down in the bottom of the swamp, swamp, swamp..

Billy was all dirty

He really had to wash

But he couldn't use a towel

'cause his limbs had been gnawed off.

He went into the water

To get all clean and bright

But when he was finished

He was only half his height.

'cause rippy the gator went chomp, chomp, chomp!

Rippy the gator went chomp, chomp, chomp!

Passing the time by ending children's lives

Down in the bottom of the swamp, swamp, swamp..

Billy's father rolled his wheelchair

Up upon a hill

He wanted to take bill

Where he would not get killed

But he left him on a slope
And into a swamp he rolled
They dragged out his head
But there was nothing down below!

'cause rippy the gator went chomp, chomp, chomp!
Rippy the gator went chomp, chomp, chomp!
Passing the time by ending children's lives
Down in the bottom of the swamp, swamp, swamp..
Passing the time by ending children's lives
Down in the bottom of the swamp
(down in the swamp..)
