

Art Paul Schlosser, You Don't Gotta Die

1.You don't gotta die
You don't gotta die
You don't gotta die and kill yourself
Just cause you don't got that much wealth

2.You don't gotta go
You don't gotta go
You don't gotta go you know they may have told you it was so
But the truth they didn't really know

3.You don't gotta leave
You don't gotta leave
You don't gotta leave and make yourself to bleed
Cause once your dead alive you won't be

4.There is hope for you
There is hope for you
There is hope for you above all the strife
Jesus came that you might have thee abundant life

5.There is hope for you
There is hope for you
There is hope for you beyond all your blues
God he loves you so very true

6.Put away the knife
Put away the knife
Put away the knife
