

Article One, Say It Again

How I am, the way I am
When I can see your face, I see your face
And how I feel, the way I feel
When you are far away, far away
And you know that I'm thinking 'bout you
You know that I'm taken by you
Say it again, I'll say that I love you
Say it again, I'll say that I need you
I'll say it again, say it again, say it again
I will love, I will love you
Till my dying day, my dying day
You say our love's, say our love's the kind
That goes past time and space
All time and space
And you know that I'm taken by you
You know that I'm thinking of you
Say it again, I'll say that I love you
Say it again, I'll say that I need you
I'll say it again, say it again, say it again
