

# Artillery, Don't Believe

Human, I can read your mind  
Stranger, from your eyes don't weep  
Clear your thoughts  
Ease your mind

Don't believe a word  
Unless it's proven true  
You might just catch a spell  
Damnation upon you

Teacher, learnin' from the card  
Preacher, lovin' you is so damn hard  
And the tales, that you tell

Liar, your brain is runnin' wild  
Crier, elemental child  
Sinner, playin' with your thoughts  
Winner, are you feeling lost?

Solve the maze  
Case the haze
