

As Fast As, Wasted Youth

I've licked the garbage queen divine, now I'm gonna watch it turn
You kicked the habit and you're fine, now show me what you've learned
You cut your hair and so did I
You're a fox, and I'm a fern
I'm so happy now that I'll watch it burn
Watch it burn

Big truck
Sharp knife
Fast car
Hot wife
Long legs
Big heist
High heels
Short life
Red brick
Cold steel
Big dick
Oatmeal
Cold cash
Concrete
Insert
Repeat

Can't you tell me the truth?
It's what you wanted to do
Blame it on my wasted youth
It's what you wanted to do

I stuck a magnet in your eye
Now you fuck like Laura Dern
I never lived before I died
So show me some concern
I should have quit before I tried
Now my belly's full of worms
I'm so happy not that I'll watch it burn
Watch it burn

Big truck
Sharp knife
Fast car
Hot wife
Long legs
Big heist
High heels
Short life
Red brick
Cold steel
Big dick
Oatmeal
Cold cash

Can't you tell me the truth?
It's what you wanted to do
Blame it on my wasted youth
It's what you wanted to do

Can't you tell me the truth?
It's what you wanted to do
Blame it on my wasted youth (oh blame it)
It's what you wanted to do
It's what you wanted to do

Blame it on my wasted youth
