

# Ascension Of The Watchers, Residual Presence

There is nothing left of me,  
There is nothing that you see,  
All I am is memory,  
And that is all you will be.  
Nothing ever lasts forever.  
Everything that I have won,  
All the hearts I have shunned,  
Like a ghost I leave you stunned,  
Alone in bed, wretched, feeling numb.  
Nothing ever lasts forever.  
Looking at me with mourning eyes,  
I know your pain as you cry,  
My thirst for love, my need to fly,  
My freedom, my soul's desire.  
Nothing ever lasts forever.
