

Ash, Lose Control (Wild Surf Version)

I'll be doing alright without you
Just move along around you

I'll be doing alright without you
Yeah doing alright right now

Lose Control
Lose your soul
Kill your goal
Yeah

I'll be doing alright without you
Just move along around you

I'll be doing alright without you
Yeah doing alright right now

Lose Control
Lose your soul
Kill your goal
Yeah

Still seventeen
Cut in my seam
I feel seventeen
You know what I mean

Lose Control
Lose your soul
Kill your goal
Woah
