Ash, Lose Control (Wild Surf Version)

I'll be doing alright without you Just move along around you

I'll be doing alright without you Yeah doing alright right now

Lose Control Lose your soul Kill your goal Yeah

I'll be doing alright without you Just move along around you

I'll be doing alright without you Yeah doing alright right now

Lose Control Lose your soul Kill your goal Yeah

Still seventeen Cut in my seam I feel seventeen You know what I mean

Lose Control Lose your soul Kill your goal Woah
