## Ash, Shinning Light

Roman candles that burn in the night Yeah you are a shining light You lit a torch in the empty night Yeah you are a shining light Yeah you light up my life

You have always been a thorn in the side But to me you're a shining light You arrive and the night is alive Yeah you are a shining light Yeah you light up my life

We made a connection
A full on chemical reaction
But by dark divine intervention
Yeah you are a shining light
A constellation once seen
Over Royal David's city
An epiphany, you burn so pretty
Yeah you are a shining light

You are a force you are a constant source Yeah you are a shining light Incandescent in the darkest night Yeah you are a shining light Yeah you light up my life

We made a connection
A full on chemical reaction
But by dark divine intervention
Yeah you are a shining light
A constellation once seen
Over Royal David's city
An epiphany, you burn so pretty
Yeah you are a shining light

These are the days you often say
There's nothing that we cannot do
Beneath a canopy of stars
I'd shed blood for you
The north star in the firmament
You shine the most bright
I've seen you draped in an electric veil
Shrouded in celestial light

We made a connection
A full on chemical reaction
But by dark divine intervention
Yeah you are a shining light
A constellation once seen
Over Royal David's city
An epiphany, you burn so pretty
Yeah you are a shining light
Yeah you light up my life
Yeah you light up my life
Yeah you light up my life
