

Ashanti, I now

Dear Lord,
I come to you, a humble man
Asking your forgiveness for all my sins that I have comitted through all my life
And Lord, I'm asking for one more thing
Have mercy on the souls of my enemies
For they not know what they do

As we proceed

Chapter II

I know it gets hard for us sometimes
And I know we can't stop living this life
I know it gets harder everyday
But I know we can't stop living this way
Somedays I would say,
There's gotta be a better way
I don't know if I wanna live my life like this for each and every day
But now I found that I've got to say
Even though it gets hard,
I came this far,
And I can't live my life no other way
I know it gets hard for us sometimes
And I know we can't stop living this life
I know it gets harder everyday
But I know we can't stop living this way
I tried to figure out
If there's another path for me
Because all of these ups and downs and in and outs been kind of stressing me
But I could never see myself
Living like nothing else is hard to tell
But ?? nowhere
Sometimes people just don't know
What they want and what to follow
Even when it don't seem right
Everybody live your life
I know it gets hard for us sometimes
And I know we can't stop living this life
I know it gets harder everyday
But I know we can't stop living this way
I know it gets hard for us sometimes
And I know we can't stop living this life
I know it gets harder everyday
But I know we can't stop living this way
I know it gets hard for us sometimes
And I know we can't stop living this life
I know it gets harder everyday
But I know we can't stop living this way
(Living life this way...)

Yeah

All my peolpes

Livin' that everyday life

Some times you gonna have ups, some times you gonna have downs

Fight, do that y'all

Keep pushing

Don't never stop pushing y'all

Don't ever stop believing

Take the gold with you back

You know

It's gonna be aight

Not me ?

Hah !

'Shanti
