

# Ashanti, Love Again

[Speaking]

I got somebody all that, he just got me feeling crazy he really really did his thing, I think I fell in love

[Chorus:]

You came into my world and taught me things  
And I can't lie cuz boy you did your thing  
Feel like I'm floating when I hear your name  
I think you made me fall in love again

I know it could be done like this  
A simple touch could feel just like a kiss  
And when you put your hands in certain places  
Boy I can't help but make them silly faces  
Cuz what you doing to me should be a sin  
It feels so good that I can barely hold it in

[Chorus:]

You came into my world and taught me things  
And I can't lie cuz boy you did your thing  
Feel like I'm floating when I hear your name  
I think you made me fall in love again

I love to feel your heartbeat next to mine  
It always seems to heat me up inside  
It's crazy how we work up such a sweat  
And I ain't never had it better ever since  
Cuz what you doing to me should be a sin  
It feels so good that I can barely hold it in, boy you

[Chorus:]

You came into my world and taught me things  
And I can't lie cuz boy you did your thing  
Feel like I'm floating when I hear your name  
I think you made me fall in love again

[Bridge:]

You stay on my mind  
Boy I just can't find the one to do them things that you do  
Ever since you came into my life

[Chorus]

You came into my world and taught me things  
And I can't lie cuz boy you did your thing  
Feel like I'm floating when I hear your name  
I think you made me fall in love again
