Godson, tatted on my chest it's permanent

The rap Albert Anastasia; you cowards

Y'all want the crown from the black power man of Asia

You make me upset I might stank ya (blastin)

Phones ringing off the hook, Bush and Bloomberg callin me constant

Streets wanna know the cause of that gossip

Nas is lord of the projects 'til the coffins drop

in the ocean like a Amistad slave overboat when

It's a new day ya should be scared I'm back with Stoute
