Some say the X makes the sex spec-tacular
Let me lick you from your neck to the back of you
shiverin', tounge deliverin
Chills up that spine, that ass is mine
Skip the wine and candlelight, no Crystale tonight
If it's alright wit' you we fuckin' (Tha's cool)
Deja vu, the blood spark, finger fuckin' in the park
pissy off Bacardi Dark
Remember when I used to play between your legs, you
begged for me to stop
Because you knew where it would head, straight
to your mother's bed
at the Marriott, we'd be lucky if we find a spot
Next to your sister, damn, I really miss the
way she used to rub my back when I hit that
way she used to giggle when your ass would wiggle
Now I know you're used to suites at the Park or Meridian
Trips to the Carribbean, but tonight no ends.

You must be used to me cryin', cryin'(Oh Oh and another one)
While you're out bumpin' and grindin'
But I'm leavin' you tonight

See, my days are cold without you
But I'm hurtin' while I'm with you
And though my heart can't take no more
I can't keep runnin' back to you

You must be used to me cryin', cryin'(Oh and another one)
While you're out bumpin' and grindin'
But I'm leavin' you tonight (Oh and another one)
