## ASHES dIVIDE, Enemies

I've done hell to my safe holding Out for my body in such lose feeling I blame these sad things on me

Cut a smile in my face so you'll intake some fleeting comfort Close in

I won't let you out of my touch

But you brandish the weapon of passive aggression

It seems like your idea I'm perfect

In mine I'm perfectly in line

So lets be enemies

To see the sun go away

Would you think I'd let you in

I've grown to suffer you lashing out at me

To see the sun go away

Don't deny my tolerance

Don't take away these sad things from me

And that ain't nothing

You should see what I'd do to me

Cut a smile in my face so you'll intake some fleeting comfort You've built a wall of beauty to help tolerate any discomfort From...

Your idea that I'm perfect In mine I'm perfectly in line

So lets be enemies

To see the sun go away

Would you think I'd let you in

I've grown to suffer you lashing out at me

I will stand alone

Your idea, I'm perfect

In mine I'm perfectly in line

So lets be enemies

To see the sun go away

My idea, unless you're blind is

How did you fall away
