

# Ashley Gearing, Can You Here Me?

Time passes by so quickly,  
But I guess I thought you'd be here forever.  
I never even had the chance,  
To say goodbye.  
There's so many things to tell you,  
Left unsaid until now.

Can you hear me when I talk to you?  
Do the words I say ever make it through?  
Can you hear me when I talk to you?  
'Cause I'd give anything if I just knew.

Ev'ry night, I have the same dream.  
The one where you get to hold me.  
We laugh an' talk until the morning,  
An' then you vanish, yeah.  
It always leaves me feeling helpless,  
When I wake up an' you're not there.

Can you hear me when I talk to you?  
Do you know how much I'd love to be with you?  
Can you hear me when I talk to you?  
'Cause I'd give anything if I just knew.

Instrumental break.

Living in this world without you,  
I constantly search through my mem'ries.  
Hoping that I find some treasures,  
That I passed over, yeah.  
All that I took for granted,  
Means so much now, an' I won't let it go.

Can you hear me when I talk to you?  
'Cause I never said some things that I meant to.  
Can you hear me when I talk to you?  
'Cause I'd give anything if I just knew.

You know, I never said some things that I meant to.  
Can you hear me when I talk to you?  
'Cause I'd give anything if I just knew.

I miss you Daddy.
