Ashley Henry  
Miscellaneous  
Ordinary Girl

Verse-backstabbing fans, stupid reviews  
You know I don't do this just for you  
Music is my life, singing a skill  
You know I don't do this for a quick fill  
To all of the fans, I do love you  
It's the fake one's who make me blue

Chorus-I may be rich  
I may be famous  
But my life is in crazy bliss  
I'm told what to do, told where to go  
Followed around like I don't know  
I love my job  
Even in the twirls  
But all I want to be is an ordinary girl

Verse-my personal life on every page  
Apparently lies are all the rage  
tell me what gives you the right to see  
My dates, heartbreaks, and miseries  
I am so tired of all the press  
They make my life a living mess
