

Ashley Parker Angel, Where Did You Go?

There's an empty room, full of memories
And everywhere I look, it's where you used to be
It's like a photograph, a moment froze in time
I'm staring at your face, even when I close my eyes
Oh, oh, where'd you go?
I thought you'd never leave
Oh, oh, should have known
How much you mean to me
Oh, oh, where you are
Is where I wanna be
So, it's a shame that
You'll never really know
I wish I could go back
And be with you again
'Cos there's so many things I should have said
When I had you listening
As close as we were then
As far as we are now
As much as this won't change a thing
You've got me calling out
Oh, oh, where'd you go?
I thought you'd never leave
Oh, oh, should have known
How much you mean to me
Oh, oh, where you are
Is where I wanna be
So, it's a shame that
You'll never really know
Now, was it ever meant to last?
The candles burned from yesterday
The past is over, gone ahead
And watch the glow just fade away
I can't run to catch my breath
I can't hide to see [Incomprehensible]
The plans, the hopes, the dreams, the tears
All disappeared
Oh, oh, where'd you go?
I thought you'd never leave
Oh, oh, should have known
How much you mean to me
Oh, oh, where you are
Is where I wanna be
So, it's a shame that
You'll never really know
Oh, oh, where'd you go?
I thought you'd never leave
Oh, oh, should have known
How much you mean to me
Oh, oh, where you are
Is where I wanna be
So, it's a shame that
You'll never really know
So, it's a shame that
You'll never really know
It's a shame that
I never really showed
