

Ashley Tisdale, Watcha Waiting For

We gotta talk, there's a rumor I heard
It's legitimate I found out from her
After all I've done, is it what I deserve?
Stupid me I thought our love was for sure
If you did it then admit it
'Cause it's written all over you two
Called your bluff
Had enough, I'm so over it
You'll be sorry, but don't worry
'Cause I already found somebody new
Tough luck, you suck
That was such a waste
Watcha waiting for?
Come over and give it to me
I already know what you did
Watcha waiting for?
Watcha running from?
Baby, baby, baby
Why you're cheating on me?
Watcha waiting for?
Watcha running from?
Baby, baby, baby
How could you do this to me?
Don't get it twisted, I need nothing from you
So pack your bags and your Guitar Hero too
They say that breaking up is a hard thing to do
But oh, so easy when you're dumping a fool
If you did it then admit it
'Cause it's written all over your face
Called your bluff
Had enough, I'm so over it
You'll be sorry but don't worry
'Cause you're really not that hard to replace
Tough luck, you suck
That was such a waste
Watcha waiting for?
Come over and give it to me
I already know what you did
Watcha waiting for?
Watcha running from?
Baby, baby, baby
Why you're cheating on me?
Watcha waiting for?
Watcha running from?
Baby, baby, baby
How could you do this to me?
La, la, la, la, la, la
That don't work anymore
Shut your mouth, I don't care
Game is over
La, la, la, la, la, la
Heard it all before
No way back, you so whack
You're a loner, loner
Watcha waiting for?
You messing with my head
I can't take this no more
And all the things you said
Watcha waiting for?
Come over and give it to me
I already know what you did
Watcha waiting for?
Watcha running from?
Baby, baby, baby

Why you're cheating on me?
Whatcha waiting for?
Whatcha running from?
Baby, baby, baby
How could you do this to me?
