

Ashley Tisdale, You Don't Need To Know Me

[Chorus:]

Oh-you don't need to know me
I already got it all settled
If you think
You can remember
My number.then
Don't call me
I don't want you here today

Your time to shine you think that
Well no your wrong
Don't need a shoulder to cry on,
Don't need somebody by my side
I have a life and I
Really,realy wanna use it

[Chorus]

Now what you thinking of
Hear what I got to say baby
Tell me the truth(tell me the truth)
And you'll find out what...

[Chorus]

(whispering)
Oh baby baby baby baby
Oh baby yeah
Oh baby yeah

[Chorus 2x]
