

Asia, Anytime

(Downes/Payne)

As a child, we played the game
Fought the war, but felt no pain
Arm to arm, we left the skin
Then said the words, remember them

Oh, never a moments doubt
Oh, feel it, scream it loud

[Chorus:]
Anytime that you call
Anytime if you fall
Anytime I'll be there for you
Any moment of fear
Anytime say the prayer
Swear that our word is true

Should I go
Should I stay?
I won't turn my head away
Cross the line, the great divide
So kill the silence, where we hide

Oh, never a moments doubt
Oh, feel it so scream it loud

[Chorus]

If clouds fall, stand tall
As mountains climb from endless sea
Call out, fear not
Bring back that memory

[Chorus]
