

# Asia, Gone Too Far

(Payne/Downes)

Kelly stands by the water  
With a gun in her hand  
She won't believe in the future  
In a world made by man

There's nowhere to run  
Nowhere to hide  
With so much to say and no time

Have we gone too far?  
In a world so scarred  
Have we gone too far?  
Dream away

Joseph stands in the desert  
With a gun in his hand  
Brother still killing brother  
Cold within this eastern land

There's nowhere to run  
There's nowhere to hide  
With so much to do and no time

Have we gone too far?  
In a world so scarred  
Have we gone too far?  
Dream away

Gone too far  
In a world so scarred  
Have we gone too far?  
Dream away

There must be some other way  
A hundred years from green to grey  
Close my eyes I'm safe today  
Blindly fade away

Gone too far  
In a world so scarred  
Have we gone too far?  
Dream away  
Dream away
