

# Asia, Military Man

(Downes/Payne)

The fighting's over now  
There's nowhere left to run  
My ammunition's out  
I'd better put down my gun  
And as I face this life of fear  
I'd better keep my conscience clear  
Inside my mind I'm out of it  
And I ain't never coming back

[Chorus:]  
So don't come running here to find me  
'Cos I'm a military man  
And as I spin this wheel of fortune  
In my military world  
I'm a military man

The architects of time  
Are calling me  
But I don't believe it  
Necessarily  
And as I face this life of fear  
Break the chains  
That bind me here  
Inside my head I'm out of it  
But I'm still never coming back

[Chorus]  
I'm a military man  
Just a military man yes I am
