

Asia, Summer (Can't Last Too Long)

I'm looking at your photograph The picture on my wall
Life's too short for memories I can't have it all

You gave me the run-around So we go our own sweet ways
I'll be making the most of summertime Crazy nights and lazy days

Summer Can't Last Too Long Summer Can't Last Too Long
Spring, Winter or Fall But out of them all
The Summer Can't Last Too Long

One night can seem a lifetime And I've got no more time to lose
Sunshine on my shoulders Kissing away my blues
Looking to the future Searching for the girl
Not too much like the last one Just the prettiest in the world

Summer Can't Last Too Long Summer Can't Last Too Long
Spring, Winter or Fall But out of them all
The Summer Can't Last Too Long

Yeah, yeah
