

Asia, Voice Of Reason

Nothing ventured, nothing gained
Tired and washed out by the pain
Do we share this problem, will it slip away?
Do we fight another day?
Was I looking for a friend?
One I count on 'til the end
Is there something that I didn't do?
Does it all begin with you?
So how did I, oh I
Give you reason?
How did I, oh I
Give you reason?
After all the fallen tears
When we wake the token dream
Who let the water slowly draw away?
All the colors that we made
So how did I, oh I
Give you reason?
So turn and walk away
How did I, oh I
Give you reason?
To give you reason, to change the river's flow
To give you reason, to point the bone
To give you reason, to set your spirit free
I don't know, I don't know why
So how did I, oh I
Give you reason?
Is there nothing I can say?
Is there nothing I can do, girl?
I didn't mean to break your life
Didn't mean to burn your world, no
How did I, oh I
Give you reason?
How did I, oh I
Give you reason?
You can keep the silver band
You can have the memories, girl
Now as Pilate cleans the hands
It's no more to do with me, no
How did I, oh I
Give you reason?
How did I, oh I
Give you reason?
Oh, let the voice of reason say
