

# Asian Dub Foundation, The Round-Up

When you hear the march of the drum  
You know they're gonna blot out the sun  
When you hear the marching drum  
You know your time soon come  
Hammer coming down fast  
Flag is flying full mast  
shield your eyes from the blast  
You know it won't be the last  
it's a round-up It's a round up  
Rifle butts through the door  
Then you're kicked to the floor  
Headlines screaming for more  
Now You're a prisoner of war In the round-up It's a round-up  
This is a countdown To the crackdown  
Time to take a little trip downtown (It's a Round up)  
get in the lineup there ain't no let-up  
This is a bona fide government stick up (It's a round-up)  
From the fit up Straight to the lock-up  
Through the touchup and the drug up to the rough up It's just a start up  
So watch it speed up It ain't enough to just put-up and shut-up DIS IS A ROUND-UP  
Shining boots of leather  
mind at the end of the tether charges cobbled together  
The sentence is forever It's a round-up It's a round up  
stone floor for a bed with a hood on the head helicopters overhead maybe I'm already dead  
It's a round up This is a round up
