&lt;lyrics&gt;  
Romaji

You cried til dawn  
You looked so blank  
Your eyes so red

In the far distance of a calm sea  
A bottle appeared between its waves  
A fading oil based ink placed all thoughts  
In a letter

A cork sealed all the pieces of today  
The person who would find it in the future and unseal it, is you

\*You submerged yourself in the waves til your hip  
Looking up and floating like a buoy  
Soaking wet, I also cried  
And saw the shore that blurred in my tears\*

In the far distance of a calm sea  
A bottle appeared between its waves

Loneliness filled in sea lighted by the moon

Floating under a faint light in the ocean  
Floating in the wind, Swaying in the waves

A cork sealed all the pieces of today  
The person who would find it in the future and unseal it, is you
