Romaji

Tame iki tsuku youni ki no nuketa biiru  
"C" to "O" to outotsu  
Yume no you ni kieru

Sukima darake no chiisana kokoro ni  
Muri ni nagashi konda no wa taai mo nai koto

Mokuteki wa betsu ni naiyo  
Sora ni nandomo ko wo egaku tobi

Itsuka boku ga mitsukete  
Sono te wo nigiru yo

Tokubetsu na koto wa naiyo  
Shuuitsu na sainou mo naikedo  
Soredemo nandomo kimi wo sagashite  
Sora ni nandomo ko wo egaku tobi

Translation

A gas-less beer is like letting out a sigh  
C and O and unevenness  
Disappears like a dream

When you forcefully filled those empty spaces of your small heart  
It showed you were selfless

It's not like I have a purpose  
Like a black kite that repeatedly circles in the sky

Someday I'll find you  
And hold that hand of yours

I don't have anything special  
I don't have a talent so great to be proud of  
But I'll still repeatedly search for you  
Like a black kite that repeatedly circles in the sky
