No need to lose your cool

Ill disappear one of these days

You keep running away

Thats why youre left with nothing

Things that pierce deep within your heart and soil your soul

Blotting out a white canvas filled with memories

Of a sneering world

An inviting kite

The herding mentality of the anonymous

Boundless desires

Clumsily gratified by emotions and your warm body

You can rush me but laughter doesnt come easily yet

Though my feelings may never reach you

Ill keep my hopes up as I cry in this place

An inviting kite

The herding mentality of the anonymous

Boundless desires

Clumsily gratified by emotions and your warm body

Suppressed words as if in code  
Wavering feelings  
Clumsily releasing emotions and your warm body

Though I have no key to unravel

Will you understand?  
I guess theres no way youd understand
