Lies and Wonderland

If we keep flowing like a river
Then at some point we'll come together here
When night comes on and you've become tired of flying
Then I'll invite you to where we are

If we keep floating like the clouds
Then at some point we'll come together here
When you've gotten tired of crying about all your injuries
Then I'll invite you to where we are

I don't mind if you forget what it looks like
Just tell me one thing

If we keep flowing like a river
Then at some point we'll come together here
When night comes on and you've become tired of flying
Then I'll invite you to where we are

I don't mind if you forget what it looks like
Just tell me one thing
About all the things you've destroyed
