

Aslyn, Just Enough

I think I heard you say it.
Correct me if I'm wrong.
After the fact your love ain't all gone.
Wish I had a tape recorder.
To lay down all the mess.
It seems you forgot the manner you left.
How I cried for you baby.
Saying freaky don't leave me. Sounds cruel and crazy.
But I'm gonna enjoy this 'cuz.

[Chorus]

I like to believe that you see that you need me so bad.
I'll backwash you your dirty spoon.
You've been there so find the stub.
And here's a band-aid brand new.
For the bruises on your begging knees.
You turned around and the time I found.
Was just enough for me.
Excuses are your "I'm sorry";
To go over and under and through.
The wood to see without me you're no good.
Funny how 4 weeks ago.
Could not spare to throw me a bone.
Won't hear me complain how the roles
have turned. So carry on baby.
Tell me how you need me.
Sounds cruel and crazy.
But I'm gonna milk this 'cuz.

[Chorus]

Now conversation with you, I won't run.
'Cuz how it came around is so much fun. So much fun.

[Chorus]
