Assassin, Thunder And Lightning (Thin Lizzy covered)

Locked up in the classroom waiting for the fight Down to the schoolyard knocking the gate Into the alley meet up with the boys Waiting for the weekend to make a little noise Thunder is strong, lightning is death Kicking the girls and its starting to blast Sweeter than the heavens and the fate means stumble But its saturday night when heavy rock was born Chorus:

Like thunder and lightning God damn, its so exciting It hits you like a hammer God damn

It was saturday night I was ready for the dance My girl walked in holding another guys hand He stood six foot six he looked two miles wide I was taking it easy till he took her outside I was madder than hell and fit to burn

This guy would break a leg before but now hes got to run Standing in the corner giving him a thrill

You can keep your lover honey, but hes got to pay the bill Well the place started rocking it was saturday night

I was dressed to kill I was feeling alright

Alright in the middle of the night

I wasnt ready for a rumble but the mood was right

When he got up to leave

I stood in his way

I said love thats the price you have to pay

In the doorway up against the wall

When they play a heavy record then Im gonna have a ball We started to rumble and stumble

It is we were rocking and rolling and rolling and tumbling

I fumbled and started to win

When the greater than wicked then I hit him again

I hit him again and I couldnt hit him anymore

My head was all black and blue and my jaw was sore Sweeter than the heavens and like a frightening stumble

It was saturday night when heavy rock was born
