

# Astarte, Sirens

Absence of light  
Paralyzing my fate  
Salty beast of naked desires  
(Silver Dance over the fullmoon rise  
Come and goes, replaces the Darkness)

Summoning upon another reality.  
Sailing to the unsafe kingdom of nymph  
Cedar smoke of thyme (and)  
Singing high and low

Eyes wet scanning the bare horizon  
Her worm voice rose  
Hellenic Gods watching seduction  
Snake body linking  
Ambrosia enslaved  
Sirens, Mythic Desire  
Sirens liar

Epilogue:

(Dark shoreline appeared  
Earthquake broke the harmony  
Liquidity of body and mind  
(Shipping with the beast of beauty)

(Sea mirror's the elements of space  
Replace the eye of truthful existence  
Liquid living roots underwater kingdom)
