

Astrid S, Breathe

It's been a week since you hit my bed
And since then you've started living in my head
7 days and I;m nearly dead
Never thought that I'd reboot
But you're a different kind of new

It's like I feel everything more
All my body knows it when you reach my floor
My heart is beating down the door
Now, I;m stocking up on oxygen

Coz when I see you
I forget to breath /3x
I forget to, when I'm with you

If I could just inhale some chill
It's like I'm living out in space
How am I still here?
Did you slip me a magic pill?
Got me filed like an astronaut
No helmet on and my lungs just stop

So please
When you look at me like that
There;s no way to fight back
Please, can you see I;m stocking up on oxygen?

Coz when I see you
I forget to breath /3x
I forget to, when I'm with you
