This time I'm leaving you

This time I'm leaving you

This time

I'm never coming back, never coming back, never coming back

Pack my bags you'll never see my face again

Never coming back [x3]

I'm leaving you

If you never

Never see my face again [x3]

If you never see my face again

Coming back

Never coming back [x7]

This time I'm leaving you

I forgot to say good night

I forgot to say good morning [x2]

I'm leaving you

Never coming back [x4]
