

# Atari Teenage Riot, No Success

I have enough of doing my part  
I wanna run off - cast off - no success!  
Gonna let go of all the shit! break with you all!  
No success!  
Too much passion to walk in the line...

Come on!  
I expose your lifestyle - your concept of degradation!  
No success! no success!  
No success! no success!  
We 'bout ta blow the f\*\*kin' place!  
F\*\*k lucks and leprachauns u get stepped upon  
In a sec u gone transform like a decepdoch  
Stayin' a step beyond light years  
You're playin' upon my fears  
I switch gears and bringin' fear to those within my sphere  
Try to hold me down control my sound what is it u stupid  
My crew split doom's like toothpick's home do u know who u fool with  
Threw accoustics with cool shit f\*\*k bullshit who you with  
Arsonists set fires u getting tired you'll have - no success!  
You thought we fell from your weak spell  
Do tell friends and foes - we 'bout ta bring ya to hell  
What's that smell? no success!  
Follow if you can hollow is your plan withstand society  
Government's eyin' me lyin' to me  
Electric chairs fryin' me!

Damn f\*\*kin' right! you take the truth out of my head!  
Bang! and then I understand...  
Radical - dressed up like a fashion style...  
Wild youth - sold out! and who asks why?

Search my house and search my car!  
I don't have anything to lose!  
Use me! rip me off! accuse me...  
The message is clear - no success!  
No success! no success! (x3)

You are a soldier on the industrial battlefield...  
You know I don't love for sale but you f\*\*k to die!  
I don't want to make a secret of it! your success is just a lie!  
That's how we live but how are you? I don't want to work for any of you!  
No more engine of your game - this time you gonna burn a blaze!  
I say no! no! no! no! no success!  
I say no! no! no! no! no success!

No success! no success!  
Double tall latte, call me baby  
Double tall latte, mobile phone  
Double tall latte, super briefcase  
Call me but I'm at the mall

...locked in - I can't move and I'd say:  
F\*\*k you! cause we're still on course...

His suicide, his suicide, his suicide  
His suicide, his suicide, his...

No success! no success!  
No success!  
Come on! come on!
