

# ATB, Justify

At a time  
In situations  
When you want a thing more than you should  
You would fall  
You would crumble  
By picking up the pieces from the storm

That was when you said  
"You least expect it";  
That was when you asked  
"How did we get this far?";  
So far

That was when I wanted  
To correct it  
But I guess there's nothing  
Wrong with being wrong  
At all

Chorus:  
I can't do it any other way  
Repeat.. I'd do it all the same way  
And I won't justify  
One more time  
And I can't do it any other way  
Repeat every single word we said  
And I can't justify  
One more time

And it's fine  
To complicate it  
Complicated it's all I've ever known  
I was there  
Did you see me  
Frozen in a flash put on the wall

Now is when I guess  
"I least expect it";  
But I will never ask  
"How did we get this far?";  
My God

Even if I doubt for just a second  
I can still find the right in being wrong  
So wrong

Chorus:  
I can't do it any other way  
Repeat I'd do it all the same way  
And I won't justify  
One more time  
And I can't do it any other way  
Repeat every single word we said  
And I can't justify  
One more time
