

# ATB, Still Here

I never knew life could be this way  
Life without you  
I never knew life could be this strange  
Like a sky that isn't blue  
I know you're still here  
I know you still care  
I know you follow me places only you and I would share  
You know you're my love  
Know that I always cared  
I may have been away without you  
But my heart was always here  
Never forget  
I never left  
Always there in the shadows  
Hard to believe  
Because you couldn't see  
Always there when I mattered  
I'm still here x4  
I never meant to fall this way  
So much to sacrifice  
I never thought life would pass away  
And at such a high price  
Feel we're still one  
That love hasn't gone  
I sense everything about you  
Around me when I'm alone  
Know that you'll always be  
Deep in the heart of me  
No matter where I am today  
You'll always be a part of me  
Never forget  
I never left  
Always there in the shadows  
Hard to believe  
Because you couldn't see  
Always there when I mattered  
I'm still here x4
