

ATB With Boss And Swan, Raging Bull

I've been beat, I've been down
Taking shots for the crown
I've been down
I've got the marks and all the proofs
This face couldn't be any more bruised
Any more bruised!

I'd rather be a lover
Than be a raging raging bull
I'd rather be a lover
Than be a raging bull

I'd rather be a lover
Than be a raging raging bull
I'd rather be a lover
Than be a raging bull

Than be a raging bull...

Gloves are off, towels in
Lond before we begin
We begin
All the odds are in my hands
I'm expected to fall on their command
But I'd rather stand

I'd rather be a lover
Than be a raging raging bull
I'd rather be a lover
Than be a raging bull
