Atc

Planet Pop

Around The World (la La La La La)

The kisses of the sun

Were sweet i didn't blink

I let it in my eyes

Like an exotic drink

The radio playing songs

That i have never heard

I don't know what to say

Oh not another word

Just la la la la la

It goes around the world

Just la la la la la

It's all around the world

Just la la la la la

And everybody singin'

La la la la la

And now the bells are ringin'

Inside an empty room

My inspiration flows

Can't wait to hear the tune

Around my head it goes

The magic melody

You want to sing with me

Just la la la la la

The music is the key

And now the night is gone

Still it goes on and on

So deep inside of me

I long to set it free

I don't know what to do

Just can't explain to you

I don't know what to say

Oh not another word

Just la la la la la

It goes around the world

Just la la la la la

It's all around the world

Just la la la la la

And everybody singin'

La la la la la

And now the bells are ringin'
