

Athelete, Tokyo

I am Tokyo, I am here
I am blazing lights on your street
I'm an upstart bound to cross you
I'm the hypocrite by your side
Well, she won't forget and I won't forget
And no one around could tell us apart
'Cause we were one mouth and one robot heart, oh
I am Tokyo, I am here
I am neon signs on your street
I'm an army of wind turbines
Marching over your countryside
She won't forget and I won't forget
And no one around could tell us apart
'Cause we were one mouth and one robot heart, oh
There's never enough time
Only, only a glare off rainbow bridge
Pin prick to the heart again and again, oh
I felt every spark
And no one around could tell us apart
'Cause we were one mouth and one robot heart
We're burning through town like there's nothing to lose
'Cause we are one mouth and one robot heart, oh
