

Athenaeum, On My Mind

I don't know what to
Think about it
It's just something that's
Been on my mind
If the mood ain't right
You might say goodnight
Leave me here in this shallow bedroom
You take a little more than I can find
It all comes down to change my mind
And every word you say makes me feel so small
I just don't understand at all
I don't know what you
See inside me
I've been lucky so
I can't complain
If the mood is right
You might stay the night
Lead me into my humble bedroom
You took a little more than I could give
From all the life I've had to live
And every word you say makes me feel at home
I just don't want to be alone
You take a little more than I can find
It all comes down change my mind
And every word you say makes me feel so small
I just don't remember it all
