

# Atmosphere, Never

In this lifetime you don't have ta prove nothin to nobody  
Except yourself  
And after what you've gone through  
If you haven't done that by now  
It ain't gonna never happen

Yo, hey yo I'm never be what you'd expect me to be  
Clever like that  
Just when you cats think you know me  
Never let the negativity hold or stop me  
Never forget the knowledge hip-hop has taught me  
Even though the prophets might never get signed  
Never drop a video or go platinum with my rhymes  
It'll be cool just knowin that we've touched a few  
And rocked the mic with some of the dopest emcee's too

You'll never catch jes givin anything less than my all  
And I'll forever be with mad sun until the day i fall  
I'll never be as dope as you dog but I can live with that  
You'll always get love from me  
But you'll never give it back  
I'll never see a million dollars in this lifetime  
And you'll never be blessed to have a woman quite like mine  
To gain respect is a never-ending journey  
Cuz I'll always be jes and I guess I'm never worthy

Never could my voice lay down and die  
Give me one good eye to see my influence fly  
Forever I'll try to wear a genuwine smile  
Because I've planted my style across a million miles  
I'll never turn my back on the heads I attract  
Mic check need a breath to keep a step on the path  
Never lose sight of what this is to me  
And how it helps my plight to let everyone else see  
I'll never go out of my way to hold you back  
I'm just here to make your head rock maybe make your shoes tap  
And with some luck maybe I can get stuck  
Within your memory remember me I'm the one that does give a (what)

And I will never be you  
And you will never be me  
But I'm like  
Whatever  
We can work together and see  
All we need is the sun and some water for this tree  
And we can all be free  
And even I can get free

And yo I'll never forget those who always believe  
And the ones who gave us R-E-S-P-E-C-T  
Yo I'll never be the emcee that you want me to be  
There'll always be something I do or say and you won't agree  
That's my individuality, originality  
Even though some of y'all get pissed off and mad at me  
Never forget my family or where I'm from  
Never blame others for the wrong I've done  
Yo I'll never hold a grudge I say peace and show love  
Never believed one day I'd be rhymin with slug  
Never know the abilities that you posses  
Till you find yourself and lay all your assumptions to rest  
I'll never stop writing when there's no ink left  
And I'll never stop blowing even when there's no breath  
And I'll never find the words that describe my mind  
Yo I'll never stop lookin and I'll never stop tryin

Better believe I'll never be the best word-worker  
Instead I use the soul to take the flow further  
I'll never rhyme about guns, sellin drugs, or murder  
Sooner see a future of flippin burgers  
I'll never forget about the city that raised me  
The women I've chased and the cops that have chased me  
The people that pushed me to become who I am  
And everyone that came to the jam (like damn)

I'll never be the freshest  
Never be the dopest  
Even though sometimes it's hopeless  
I'll never lose focus  
I'll never be afraid to show the depth of my emotions  
There's a side of me that's deeper then the belly of the ocean  
I'll never be the smartest  
Never be the brightest  
I'll never be the hardest  
Never be the tightest  
On the mic I'm just your average joe  
Never more but i've been more dedicated than ever before  
I'll never give up  
Never call it quits  
You can never hold me down and I never did like to fool around  
I'll never be  
Life for me ain't never been easy yo  
I try to be positive no matter the weather  
And no matter what  
I'll never say never

And I will never be you  
And you will never be me  
But I'm like  
Whatever  
We can work together and see  
All we need is the sun and some water for this tree  
And we can all be free  
And even I can get free

Well I hope you folks enjoyed yourselves  
Catch you later on down the trail
