

# Atom And His Package, Atom And His Package (

Here is the tale of the boy standing in front of you  
Not one word is exaggerated -- entirely true  
A four square in chemistry, my agenda tonight  
As I rock the house left, and a I rock the house right

I can't fly, I can't dance  
And I don't like any bands  
Listen up, cuz I am Atom, I am the sequencing man  
Where I want is where I go  
I'm always armed with a burrito  
Listen up, cuz I am Atom, I am the sequencing man

I travel the world with my band in a box  
And I rock 10 times harder than your average punk rock band  
I'm almost done, I'm almost through  
I hope to God I'm not boring you  
I often do the number 2  
I am the always often pooping Jew

I can't fly, I can't dance  
And I don't like any bands  
Listen up, cuz I am Atom, I am the sequencing man  
Where I want is where I go  
I'm always armed with a burrito  
Listen up, cuz I am Atom, I am the sequencing man

I can't fly, I can't dance  
And I don't like your band  
Listen up, cuz I am Atom, I am the sequencing man  
Where I want is where I go  
I'm always armed with a burrito  
Pay attention, cuz I am Atom, I am the sequencing man
