

Atom Tha Immortal, Withdrawal 3.0

Bedlam Emotion, Atom tha Immortal is moving/
Bedlam Emotion, Atom tha Immortal is moving/
Bedlam Emotion, Atom tha Immortal is moving/
Bedlam Emotion, Atom tha Immortal is moving/

Now we're rocking the beat/
It's hardcore/
Moving it down/
To the ground/
Subliminal sound of right thought/
All my Sefirot aligned/
For this moment in time/
Collaborate the great minds like Nash with Einstein/
Lash you with a nine-tailed whip 39 times/
Like Yeshua of Nazareth being ripped on his spine/
Yo/
Conditions critically imperative/
B-boy soldier is repping on mics with Galilean narratives/
Embarrassing all you wack MCs with no skills/
Producers with wack beats/
And no appeal/
That ain't us here/
We're filling the rooms with fear/
Bedlam on the track and Atom with lyrics you want to hear/

(Chorus)

Yo I rip mics with the precise skills of archery/
On point, is how my lyrics are gonna remain/
The time frame I'm from/
Living in wrong time/
Sent back I've come/
To give them another sign/
Getting the Fates mad when I rhyme what mankind/
Wasn't supposed to hear until 2029/
..I'm telling y'all to make defenses/
After the arrival of artillery, planet'll be in misery/
Giving the military institution the ability/
To conquer/
Every known/
adversary vicinity/
..This is the time of preparation, cause/
The wrath is gonna come like an inundation flood/
...Causing man to seek signs/
When they're already given in star-shine, bodies of mankind/
Organelles of cells, ...information prevails/
With complexity to make a Darwinian tale fail/
..To no avail/
For the answer your seeking/
When I'm unleashing/
The Molotovs that I'm keeping/
You keep sleeping/
...To your own chagrin/
Man embedded in unbreakable skin/
When I shed the flesh like I was a serpent's kin/
..Mastery to free/
The seven Spirits within/
...To fulfill its role of purpose/
I'm staring at a sea of MCs, I see they're mostly worthless.
